

# Temple Terrace To Give Businesses A Boost

A Tribune staff report

Published: March 28, 2008

TEMPLE TERRACE - The city is implementing a program to help businesses cover the cost of storefront improvements in the community's redevelopment district.

The city has \$50,000 available this year to implement the program, which will assist business owners in their efforts to restore, repair and improve the appearance of their buildings. The city will reimburse a business 50 percent of the cost for improvements totaling \$10,000 or less, or a maximum of \$5,000 for projects greater than \$10,000.

Business owners should apply by June. For details and an application form, call (813) 989-7130, e-mail Lisa Cosky at [lcosky@templeterrace.com](mailto:lcosky@templeterrace.com) or visit [www.templeterrace.com](http://www.templeterrace.com).
