

Projects Among Budget Priorities

Published: Mar 30, 2006

Three city projects are among the legislative budget priorities for local lawmakers.

The Hillsborough County legislative delegation announced three appropriations measures being presented in the state Legislature by Sen. Victor Crist, R-Tampa, and Rep. Ed Homan, R-Temple Terrace. If approved, the funding could help promote Temple Terrace's redevelopment efforts.

The items are:

- \$1.5 million requested for highway modifications at North 56th Street and Busch Boulevard.
- \$1 million requested for a park in the city's redevelopment area near the Hillsborough River.
- \$750,000 for moving utilities underground along North 56th Street near the redevelopment area.
